Release Date: 26 September 2008 (UK):laugh:

Faintheart is directed by Vito Rocco and stars Eddie Marsan as Richard, a homestore employee with a nerdy passion for Viking re-enactments. However, when his latest battle causes him to be late for his father-in-law's funeral (and turn up in chain mail), his long suffering wife Cath (Jessica Hynes) realises she's had enough and begins a trial separation. Richard is convinced he can win Cath back, but he hasn't reckoned on the attentions of slimy PE teacher Gary (Paul Nicholls), who's also getting closer to Richard's son Martin (Tim Healy). Meanwhile, Richard's Star Trek obsessed best friend Julian (Ewen Bremner) begins a tentative relationship with the mother (Bronagh Gallagher) of a fellow Trekkie he met online.
